

WORKSHOP AGENDA

“Challenges, Opportunities, and Lessons Learned from ongoing Research Projects” ICT for Sustainable Homes October 24-25, 2011 – Nice, France

Monday, October 24

16:00	Welcome and Introduction	Christian Mastrodonato (ICT4E2B Forum project)
16:05-16:20	Energy Audits - Are they and should they be standardised? What is the difference between audits for EPBD and ICT implementation? What to do with them? <i>SportE2 – ICT for Energy Efficiency in EU Sport Facilities</i>	Christian Mastrodonato (on behalf of) D’Appolonia Coordinator of SportE² project
16:20-16:35	DSS systems: modelling energy flows at both operational and strategic levels <i>EnRiMa - Energy Efficiency and Risk Management in Public Buildings</i>	Dr. Krystsina Bakhrankova, SINTEF, Norway Partner of EnRiMa project
16:35-16:50	Measurement & Verification (IPMVP). How do we assess energy savings? IPMVP – from theory to practice. Is it working? <i>E3SoHo – ICT for Energy Efficiency in EU Social Housing</i>	Nicolas Salmon NOBATEK, France Partner of E3SoHo project
16:50-17:05	Which Renewable Energy Technologies (RET) are appropriate for my home? How should I account for weather aspects? <i>Energy Warden – Predicting a homes renewable energy potential and using it</i>	Daniela Reccardo D’Appolonia Partner of the Energy Warden project
17:05-17:20	Survey of Potential Energy Harvesting Solutions for use in the Built Environment <i>TIBUCON – Self Powered Wireless Sensor Network for HVAC System Energy Improvement</i>	Piotr Dymarski MOSTOSTAL Coordinator of the Tibucon Project
17.20-17:30	Challenges & Opportunities: Panel Discussion and Conclusions	Moderated & Chaired by: Christian Mastrodonato
