

# Towards an ICT4E2B Forum

**Stefano Carosio**  
**D'Appolonia S.p.A./E2BA**

**FP7 project funded by the European Commission DG INFSO  
within the EeB PPP initiative, Grant Agreement N. 260156**

## Project Details

**Call:** FP7-2010-NMP-ENV-ENERGY-ICT-EeB

**Grant Agreement N.:** 260156

**Acronym:** ICT 4 E2B Forum

**Full title:** European stakeholders' forum crossing value and innovation chains to explore needs, challenges and opportunities in further research and integration of ICT systems for Energy Efficiency in Buildings

## The partnership

D'APPOLONIA

**In close co-operation with an Expert Group!!**

## Main goals

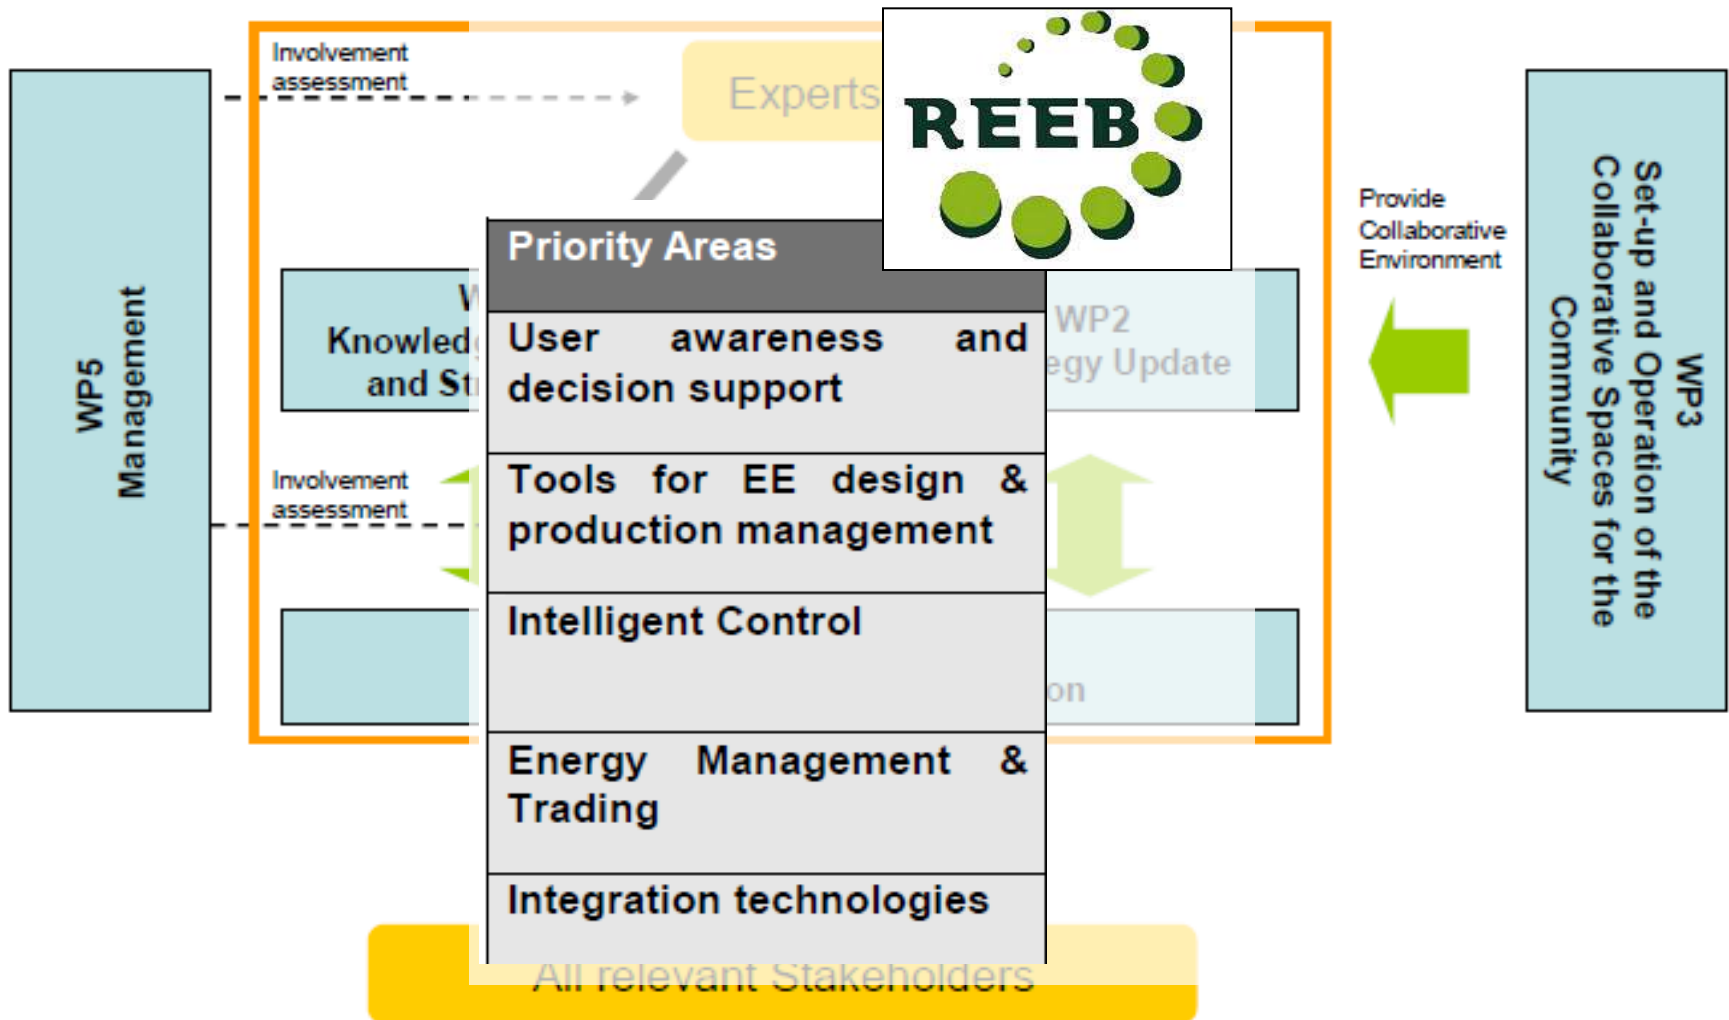

ICT 4 E2B Forum intends to promote, through community building:

- a **better understanding**,
- a **closer dialogue** and
- a **more active cooperation** between researchers, end-users/practitioners, building owners, technology-suppliers, and software developers, to name a few,

**bridging the gap** between construction and ICT and addressing current **cooperation islands**.
